sound

With Sennheiser's new BT T100 Bluetooth® audio transmitter you can experience the freedom and convenience of your Sennheiser wireless headphones with your existing home entertainment equipment like TV or audio devices. Qualcomm® aptX™ Low Latency support delivers uncompromised audio transmission that's perfectly in sync with onscreen action for a flawless viewing experience. Ease of use is ensured by the dedicated Bluetooth pairing button with an LED status light and a choice of either 3.5mm or optical inputs.

- Enjoy your home entertainment via Bluetooth headphones with the BT T100 transmitter
- Sound stays perfectly synchronized with onscreen content for an improved viewing experience thanks to aptX™ Low Latency audio codec support
- Easily connect your AV equipment with audio connectivity options including 1.50m stereo audio cable with 3.5mm jack plugs and optical inputs, selectable via an input switch
- Simple Bluetooth pairing is ensured thanks to a dedicated button and a two-color system LED that confirms status at a glance
- BT T100 is powered from your TV or audio devices via 1.20m USB cable
- Safety guide, quick setup guide
- 2 year warranty
